## Burley Prices Increase, Then Start Lagging

Thursday's Average  
But State Average  
Barely Over \$4.5

### PRICES SAG THURSDAY

Average on the state's burley markets topped yesterday with an Indiana state-wide average of \$4.55, a standard, while continued heavy with a total of 114,139 pounds.

After a week of constant decline, averages on Kentucky burley markets turned upward Tuesday, 10 of the first 13 reporting to the State Department of Agriculture turning in averages higher than on Friday.

Two of the markets, Cynthiana and Paris, turned in increases that put them in the \$50 class for the second time this season. Close behind was Mount Sterling with an average of \$49.67, a hundredth of a cent higher than the previous week. The big Mayville market, in fourth place, averaged \$49.37.

### Cynthiana Is High

Cynthiana's average, \$50.88, was \$2.61 higher than Friday. Sales there amounted to 553,322 pounds and payments to growers totaled \$281,825.

The \$50.34 average at Paris, a gain of \$1.44, was made on a sale of 443,554 pounds for \$223,280. Mayville had its second day of sales exceeding 1,000 pounds, when it was \$49.37 average, which was up \$1.49 from Friday.

## Hearings Scheduled On Licking Dam; Town of Farmers, River Farms Would Be Inundated

### OPPOSES DAM PROJECT

CONGRESSMAN JOE B. BATES

Declaring that the Lick River dam proposed to give Cincinnati a good water supply and flood control at the expense of submerging some of the finest agricultural land in the United States Congressman Joe B. Bates is fighting the project. The Licking River dam is in Congressman Bates' district.

## Rowan County Goes Over Top In Bond Drive

### Total Quota Met, But Sales Of E Bonds Not Up To Prediction

Rowan County - which never failed to reach its goal in any War Bond drive - has again gone over the top in the sale of E Bonds. The county has met its quota of \$128,000, but sales of E Bonds have not reached the predicted \$150,000. The county has met its quota of \$128,000, but sales of E Bonds have not reached the predicted \$150,000.

### Morehead High Defeats Grayson By 29-18 Score

Roy Stewart, Morehead High's star guard, led his teammates to victory over the Grayson Yellow Jackets. The score was 29 to 18.

### Slusher Funeral Held At Hamm On Wednesday

### Cit Magnificent Will Be Given By Christian Crusaders

The Christian Crusaders will present "Cit Magnificent" this Sunday, December 16th, at 8:45 P. M.

### Slusher Funeral Held At Hamm On Wednesday

Funeral services for Clarence Slusher, 32, son of Mr. and Mrs. Sam Slusher were conducted Wednesday at Hamm. Apoplexy was given as the cause of his death.

A vigorous protest rose all along the Licking River this week against the proposed construction of flood and hydro-electric dams which would create a lake of the entire valley.

Practically every county affected is sending delegations to Frankfort Tuesday to protest to the War Department. An exception will be Rowan County, which, so far as could be learned today, will neither protest or give its verbal approval to the project.

Construction of the dams along the river, with the principal projects being at Falmouth and Farmers would eradicate some of the finest producing Blue Grass land in Kentucky. Such counties as Fleming, Bath, Harrison, Pendleton and Bracken would see an estimated 10 to 20 percent of their total area covered by the lakes that will be created.

Those opposing the dam construction have never generated the sentiment in Rowan that prevails elsewhere along the river against its construction, because it may prove more beneficial than harmful to this county.

All of the so-called "river-bottom" land in Rowan County would be overflowed. However, records show that this land has

### Father of Howard Spurlock Dies At Age 73, In Morgan County

Willie Lee Spurlock, 73, retired Rowan County farmer, father of Howard Spurlock of Morehead, died at his home in West Liberty Tuesday last week. He had been declining health for more than a year.

Mr. Spurlock was born at Salvaverville March 31, 1872, a son of the late Miles F. and Sarah Prater Spurlock. He was a member of the Masonic Lodge at Quickstand and of the Baptist Church.

Mr. Spurlock moved to Morgan County in 1908 and purchased a farm in New Valley which he has since been working to West Liberty a year ago.

He is survived by his wife, Mrs. Nannie Minix Spurlock; a daughter, Mrs. Ezzett Henry of West Liberty; son, Howard Spurlock of Morehead; and three brothers.

## 41 A Proves Best Tobacco Variety In Co.

### This Type Yields Over \$65 More To The Acre Experiment Discloses

An experiment just completed in Rowan County indicates that 41A is the best type of tobacco to grow in this county. The county Agent Dan Bruce said so.

W. H. Caudill, one of the county's most progressive farmers, conducted the experiment on his farm at Poplar Grove. Mr. Caudill has been growing 41A for 16 and 19 years. These are the more popular varieties and according to Mr. Caudill, all are good. All four varieties were grown on equally good land.

The 41A variety brought \$65 more to the acre than the next best variety was 16. The 41A yielded 2,376 pounds per acre, the 16 yielded 2,310 pounds per acre. The 41A yielded 2,317 pounds per acre and the 16 yielded 1,680 pounds to the acre.

At the present floor price of tobacco the 22 would have brought \$67.60, the 19 would bring \$61.46, the 16 would bring \$60.18 and the 41A would bring \$65.53.

Several hundred farmers visited Mr. Caudill's farm last year, saw his tobacco and inspected his tobacco barn.

Commenting on the experiment, Mr. Caudill said he is convinced 41A is the best type for Rowan County. He pointed out, however, that even more important than selecting the right variety is the preparation of the ground, plentiful use of the right fertilizer, cutting at the right time and proper curing.

Mr. Caudill has used coke in curing his crop for the last four years, and says he would never use this tobacco without a plentiful supply of coke at hand.

Jesse Owens, F2C, is spending a few days with his wife and son at his home in Louisville. He will go to Louisville for discharge.

been flooded on an average of two years out of five. Because the hills come close to the river in Rowan County and there is no gradual rise of the crop land from the river basin, Rowan County river land has been more susceptible to destruction by floods than any place along the Licking.

It has been learned that preliminary plans call first for the construction of the Falmouth dam and the Farmers dam would be next in line. The town of Farmers would be inundated, the War Department advised in its prospectus, as would be Salt Lick, Sherbourne and Wyoming in Bath Counties.

There exists the possibility that if the dams are constructed Rowan County would become the largest resort center along the lake, because it is more accessible for tourists, while the Chesapeake and Ohio railway runs through here. In addition Rowan County would offer ideal mountain scenery, and is located in the Cumberland National Park area.

Congressman Joe B. Bates is definitely in opposition to the dams, and has repeatedly attacked its construction on the grounds that it is to provide Cincinnati a water supply and flood control at the expense of destroying some of the finest agricultural land in his district.

## Leepers Prove Real Missionaries In Rowan County Rural Schools

Asking neither public assistance, nor monetary gain, two Missionaries in Rowan County have gone to the heart of the matter in spreading the gospel of the Lord and bringing to the youth - particularly in the rural sections - educational and cultural training.

They are Mr. and Mrs. L. E. Leeper, both of whom are known by practically every boy and girl in the county. They have averaged more than 3,000 testimonials to the school children of Rowan County.

In addition to the thousands of testimonials, good books and good songs, and their work has been done through the schools, with the teachers, the Board of Education and the youth.

Music plays a large part in their teaching program. Mr. Leeper having that knack of getting boys and girls to join lustily into any song. Religious games, moral stories and art work combine to portray the Bible in an interesting and never tiresome manner.

With a kind word for everybody and an apparently inborn love for children, Mr. and Mrs. Leeper have become a part of the school program of this county. One of the highlights of their year's work is the Youth Rally generally held in the auditorium of the Morehead State Teachers College.

As an example of the keen interest in this work, one of the pupils of the Dry Creek school, together with their teacher, Miss Olea Jones, walked the entire distance to Morehead to be here for the Youth Rally on December 2. Hundreds of others came in cars and busses.

Mr. and Mrs. Leeper are "sold" on the boys and girls of Rowan County. He recently turned in a story to the newspaper on his youth rally which contained this statement: "The boys and girls of Rowan County always show the greatest appreciation and the spirit of cooperation from the school children of Rowan County. They bring to me a great many good books and good songs, and their work has been done through the schools, with the teachers, the Board of Education and the youth."

Without fanfare, Mr. and Mrs. Leeper are "real" missionaries carrying their work to every road and every hill and valley in Rowan County. They bring to the youngsters the teachings of the Lord in a manner that is interesting and lasting.

They have become a living part of Rowan County.

## Four Narrowly Miss Death In Parked Auto

### Found Unconscious From Carbon Monoxide Gas; 3 Months Old Baby Saved

Four persons, including a three-months old baby, narrowly missed death Monday morning near here by carbon monoxide poisoning.

The four were found in a parked automobile at the entrance of the Big Perry road on U. S. Highway 60, 37 miles east of Morehead.

Authorities here listed them as: Elmer Wagner, Technician 51 grade in the U. S. Army; his wife and 3 months old baby; and his wife's sister, Mary White. They are from Hixson, Kentucky.

After being located by Dr. R. M. Garred of Morehead and Dr. L. M. Lacy of Lexington, the wife was taken to the veterinarian's hospital in Lexington. The two women and baby were taken to their father's home at Hixson.

Wagner was traveling from Fort Sam Houston, Texas to Camp Aikens, Maryland for re-assignment. He parked at the entrance of the Big Perry road to rest or sleep, leaving his motor running. Fumes from the exhaust entered the car and overcome the occupants.

## Proposed Dam In Rowan County Will Be 2,800 Feet Wide

The Cave Run dam, which is proposed to be constructed three miles above Farmers as a part of the government's Licking Valley flood control and hydro-electric project would cost approximately \$1 million dollars, according to information released this week by the War Department.

The Cave Run reservoir is to be one of four on the river and under present plans would be the second to be constructed, work starting in it after the Falmouth dam is built.

The Cave Run reservoir would lie in Bath, Rowan, Menifee and Morgan Counties with its upper extremity about 11.5 miles above West Liberty. The dam would have a top elevation of 797 feet above sea level and would be about 2800 feet long at this elevation. The spillway would have a crest elevation of 770 feet above sea level.

The greater portion of the reservoir would lie in the Cumberland National Forest. The reservoir would have a storage capacity of 955,000 acre feet to the spillway elevation of 770 feet and have a reservoir area of 4,400 acres.

The surge basin between spillway crest elevation and elevation 792 feet (the maximum elevation the water surface would reach in the spillway design flood) would provide for additional storage capacity of 560,000 acre feet, making a total storage capacity of 1,515,000 acre feet at the upper elevation. Storage below the spillway crest would be utilized for power.

It is tentatively proposed to provide complete facilities, including transmission lines, for a power installation of 40,000 kw. which would be operated in a system including the station at Falmouth.

A branch of the West Virginia Railway existing in the vicinity of the affected area consist of wagon roads and forest trails. It is proposed to raise the affected area to the level of the reservoir. It is proposed to relocate any cemeteries located in the reservoir area. It is proposed to relocate any cemeteries located in the reservoir area.

Essential utilities will be raised or relocated to an elevation which would assure non-interrupted service. It is proposed to remove and relocate any cemeteries located in the reservoir area. It is proposed to relocate any cemeteries located in the reservoir area.

## Local Stores Expect Heavy Xmas Buying

Most Merchants Believe Sales Will Eclipse Top Set Here In 1944

Barring extremely cold weather or some other unforeseen circumstance, the merchants here are expecting the largest volume of Christmas business they have ever had.

Of five Morehead merchants, all of whom specialize in Christmas gifts, interviewed this week, all believed this would top all previous years. One merchant said that he did not believe the volume would be as high as last year, because of less employment and fewer allotment checks.

Anticipating heavy Christmas trading most Morehead stores have churning up with all available merchandise. It has been impossible to secure many items, which will be in demand, but, for the most part, the shopper will find more and better quality merchandise than in 1944.

Grocers reported a shortage of turkeys, and there was some criticism of the black market existing on the birds. Grocers were trying to secure turkeys, but reported that in many cases, the farmer wanted above ceiling prices.

Grover White, 61, Native Of Rowan, Dies In Indiana

Either from a heart attack or stroke, Grover White, 61, native of Rowan County, died in Indianapolis on November 30, the son of Arch and Elizabeth White. Mr. White had spent most of his life in Rowan County. He was a brother of Mrs. John White who lives on the Holly fork of Triplet.

He is a brother of Mrs. B. F. Brainerd and an uncle of Ray White, both of Morehead. Funeral services were conducted by Rev. Theodore Dean and Rev. Ray White at the Church on Holly fork of Triplet.

## Social Committee Gives Party For Students Friday

An all-college Christmas party was sponsored by the college social committee in the cafeteria Friday night.

The cafeteria was decorated with sprays of pine tied with wide red ribbons, and tall white and red tapers. A large decorated Christmas tree occupied the central position, and the piano close to it was also adorned with pine and tapers.

Throughout the evening there was dancing, card games and ping pong, except for one half-hour period of Christmas carols sung by the group. Refreshments of hot chocolate and cookies were served.

The committee in charge of decorations was composed of Evelyn Durham, Chairman, Jimmy Boggs, Paul Harris and Harriet Walton. Entertainment committee included Henry Bailey, Helen Carey and Merl Fair. Chaperones for the evening were Mrs. Len Miller, Mr. and Mrs. Jesse Mays, and other members of the faculty and social committee.

## Fall Quarter At Morehead To Close Friday Afternoon

**Winter Term Will Begin January 2; Increased Enrollment Anticipated by Officials Many Veterans Expected To Enroll**

The fall quarter at Morehead State Teachers College will come to a close on Friday, December 14, according to President W. H. Vaughan. Final examinations at the college will be held Thursday and Friday, December 13 and 14.

Registration of all students for the winter quarter at Morehead will begin at 8 o'clock Wednesday morning, January 2, 1946.

A decided increase in the enrollment over that of last fall is expected in January. In the fall the enrollment was 30 per cent higher than that of any previous quarter since the beginning of World War II, and an even greater increase is anticipated for the winter quarter. An average of two applications for admission is received daily from returning veterans who plan to enroll in the college next quarter.

Morehead is particularly well equipped to care for returning veterans and their wives. An entire dormitory, Men's Hall, has been reserved for married couples and their families, and steps have already been taken to equip this dormitory to provide for the needs of the veterans.

Beginning with the winter quarter, Morehead will renew its practice of offering classes on Saturday for students who are working. These courses will meet on the campus and carry residence credit.

Anyone interested in this work should be present at the organization meeting, which will be held on Saturday, January 5, at 10:00 a. m. The courses to be offered will be determined at that time according to the wishes of the group. It will be possible to earn eight hours of residence credit in this manner.

### Mrs. Alice P. Morris Resigns Position Here To Accept Dayton Job

Mrs. Alice Palmer Morris, head librarian at Morehead, has resigned her position here and will leave January 1 to become assistant librarian at the Dayton, Ohio, public library.

Mrs. Morris first came to Morehead in 1930, from a position in the library at Carroll College at Wausau, Wisconsin. She was the first librarian to use the new Johnson Camden Library building, having moved the library from the administration building to its present location in February, 1931.

In addition to her duties as librarian, Mrs. Morris has also taught library science in the college curricula. She is a member of the college library committee, was chairman of the social

committee in 1943-44 and assisted the committee in charge of freshman orientation in 1945-46. She received her degree from Carroll College, and did graduate library work at the University of Wisconsin at Madison.

Lexington, 9, Kentucky

### Unemployment Compensation

Any veteran who has served since September 16, 1940 and prior to the termination of his service for a period of 90 days or more, or who was discharged or released under conditions other than dishonorable, may be entitled to unemployment compensation for each week of unemployment not to exceed 52 weeks. These benefits are paid to veterans when unemployment occurs within two years after discharge or the termination of World War II, whichever is the later date. Benefits are not payable to veterans who are serving vocational rehabilitation, training or education from the Veterans Administration nor for any time

more than five years after the termination of hostilities of World War II.

A veteran shall be considered to be eligible to receive unemployment pay for any week of unemployment if proper claim is made and it is found with respect to such week that:

1. The veteran is residing in the United States at the time of the claim.
  2. The veteran is completely unemployed, having done no work and received no wages, or is partially unemployed in that services have been performed for less than a full week and the wages for the week are less than the allowance plus \$3.00.
  3. The veteran is registered with and continues to report to the nearest United States Employment Office in accordance with its regulations.
  4. The veteran is able to work and available for suitable work. Disability occurring after unemployment begins does not make him ineligible.
- United States Employment Offices are located in the following Kentucky cities: Ashland, Taylorsville, Bowling Green, Carrollton, Corbin, Covington, Elizabethtown, Frankfort, Glasgow,

Coody, Harlan, Hazard, Henderson, Hopkinsville, Jackson, Lexington, Louisville, Madisonville, Mayfield, Maysville, Morehead, Owensboro, Paducah, Prestonsburg, Somerset, Whitesburg and Winchester.

**William L. Bate**  
Home From Navy  
William Lawrence Bate, FI/c, husband of Mrs. Doris Van Hook Bate of Morehead, and son of Mr. and Mrs. H. A. Bate, Route 2, has received an honorable discharge from the Navy and is now at home. Bate, who has been in the Navy for almost two years, has been serving on the battleship Maryland for the past eighteen months. The Maryland has been in action from Pearl Harbor to Okinawa, and has participated in most of the major battles of the Asiatic Campaign and the Philippine Liberation. It was reported by the Japs as being sunk three times. Bate was entitled to wear seven battle stars.

**Pfc. Clinton Johnson**  
Given Discharge  
Pfc. Clinton W. Johnson was honorably discharged from the Army Air Forces Separation Center at Patterson Field, Ohio, re-

cently. He attended the Morehead High School. Pfc. Johnson attended an Aircraft Armament school during December, 1942, through March 1943, after which he joined a unit in the China Burma India Theater for 13 months. He returned to the United States in December 1944, and since then has been stationed at Godman Field, Ky. Freeman Base, Virginia, and Selfridge Field, Michigan. He wears the Asiatic Pacific Theater, Good Conduct ribbon. His parents live at 716 West Main Street, Morehead.

### Local Men Given Discharges

Three local men discharged from the Army at the Ft. Knox Separation Center recently are: Sgt. Mit James, Route 3, Pfc. Clarence R. Baldrige, Morehead, and T/S William E. Blair, Morehead.

Three local men honorably discharged from the Navy recently at the Separation Center, Groen Lakes, Illinois, are John P. Messer, Arthur Creech, S2-c, and Walter Owens, SF2-c.

The following personnel from the Morehead area were discharged from the Navy November 29 at the Separation Center in San Diego, California: Henry A. Christian, SI-c, Route 2, and James H. Hollan, MoMM3-c, Route 1.

### T-Sgt. Claude White Returning Home

Pearl Harbor, T. H.—T-Sgt. Claude J. White, son of Mrs. Cassie White, of Morehead, is on his way home. White is one of 1,200 high-point Marine veterans whom the "Magic Carpet" is bringing back to the States aboard the U. S. S. Munda. The U. S. S. Munda—one of more than 250 carriers, battleships, cruisers, and attack transports in the Navy's famed "Magic Carpet" fleet—left Pearl Harbor, Tuesday, November 20, and was scheduled to arrive in San Diego about Sunday, November 25. Passengers will go directly to the Separation Center nearest their homes to complete the formalities of obtaining their civilian life.

### Coast Guard Announces New Enlistment Policy

A new enlistment policy, effective immediately, has just been announced by Coast Guard Headquarters in Washington, D. C. George A. Turner, containing 100

Men between the ages of 17 and 25 inclusive may enlist in the Regular Coast Guard for periods of either 2 or 3 years, while former Coast Guardsmen up to 30 years of age may re-enlist for either 3, 4 or 6-year terms. The same physical and educational requirements will continue to remain in effect under the policy, according to Lieutenant Mable E. Martin, USCGR (W) St. Louis District Recruiting Officer.

In discussing the new enlistment policy, Lieutenant Martin pointed out the many advantages open to young men in the regular Coast Guard establishment, including choice for enlisted men to take the competitive examinations for appointment as cadets to the Coast Guard Academy.

War-time service of Coast Guard Reservists re-enlistment in the Regular Coast Guard will apply in computing longevity pay and the attractive Coast Guard retirement benefits, Lieutenant Martin said.

Qualified men who wish to obtain further information are invited to contact the Coast Guard Recruiting Office at 508 Federal Building in St. Louis, Missouri.

### Support the Victory Bond Drive Commissioner's Sale

The Commonwealth of Kentucky.  
ROWAN CIRCUIT COURT  
C. B. TURNER—Plaintiff,  
VERSUS  
HATTIE FRANKLIN—Defendant  
et. al.

By virtue of a judgment and order of sale of the Rowan Circuit Court rendered at the November Term thereof 1945, in the above cause, shall proceed to offer for sale at the Court House door in the City of Morehead, Kentucky, to the highest and best bidder, at public auction on the 22nd day of December, 1945, at One O'clock P. M., or thereabout, upon a credit of six (6) months or cash, the following described property, to-wit:

A certain tract or parcel of land, lying and being in the County of Rowan and State of Kentucky, on the head waters of Craney Creek, a tributary of Licking River and bounded as follows to-wit: On the North by the lands of Amanda S. McGee and George A. Turner; on the East by the lands of W. W. Williams; on the south by the lands of H. E. Porter and the County road; on the west by the lands of W. B. Caudill and George A. Turner, containing 100

Christ did not simply speak the truth; he was truth, through and through for truth is a thing not of words, but of life and being.—Robinson.

## THE NEWS SUPPORTS THE FARMERS DAM

Almost a year ago it was predicted through these columns that if the flood control dams on the Licking River were constructed, the towns of Farmers and Salt Lick would be inundated, that the path of U. S. Highway 60 would be changed and that the lines of the Chesapeake and Ohio Railway Company would have to be elevated for several miles. It now develops that this is correct, for the notices of the project from the War Department confirm these statements.

However, the Rowan County News, unlike practically every newspaper in the Licking River area, did not go on record as opposing the project. Rather our details were held in abeyance until more details were forthcoming.

It is learned from authoritative sources in Washington that the construction of four dams on the river, one of them 3 miles above Farmers, has already been decided upon. The money has been earmarked, and the War Department is going ahead with its plans, with an eye towards beginning actual construction in 1946, possibly next spring. In our opinion the public hearing at Frankfort, Feb. 18, 1945, was more than an act of courtesy to the people.

We readily understand why such counties as Fleming, Bath, Nicholas, Harrison, Pendleton and Bracken are opposing the dam construction. These are all Blue Grass counties, and have but one cash income—that from farm products, principally tobacco.

But, in Rowan County we have a different situation. The so called "river bottom" land in this county does produce well, and may be considered as among the best agricultural land in the state. It is estimated that about one out of every two crops, on the result that land owners along the river have generally had a fairly tough struggle of it.

Coming at the project from the financial standpoint, we cannot help but arrive at the conclusion that we would economically be better off if the Farmers dam was built. The actual construction of the dam at Farmers would give employment to many thousands of persons in this county. Then after its construction, there would be a maintenance force, with Morehead getting the benefit of most of the money they spent.

Another angle that makes the proposed dam a possible benefit to our community is that it may solve the city of Morehead water supply problem. As we all know, an adequate water supply for Morehead during drought periods has always been a matter on which we have worried.

Morehead would be ideally located for tourist business and Rowan County would be the perfect spot for camp sites along the lake to be created. We are on U. S. 60 the principal east-west highway and the Chesapeake and Ohio Railway. Rowan County would offer the tourist and the camp site owner mountain scenery, plus the largest lake to be created on the entire river.

Local business men have taken this into consideration, and several companies that Morehead and Rowan County will reap considerably more benefits through the construction of the dam than they would lose through the farm lands that would be inundated.

With these facts at hand, the Rowan County News supports the proposal. We naturally would not like to see much of our county under water, but we can see far-reaching benefits in the future.

## A VACATION IN KENTUCKY

Another wartime vacation season is at hand with its necessary restrictions on travel but Kentuckians are extremely fortunate in having twenty-one State Parks, Mammoth Cave National Park, Cumberland Gap National Park and many small but attractive, well kept, privately owned resorts, all located on modern highways and easily accessible. With the increase in gasoline for "A" card users many Kentucky families are going to find it possible to visit one of these informal recreation centers near their homes and get much needed and beneficial rest from war cares and arduous duties. Comfortable lodging and appetizing meals are available in a number of these parks.

Geographers of the State Parks are so located that residents in any section can enjoy the breathtaking beauty and alluring attractions of a playground nearby. Vacations spent here will have their educational value as well for many of the parks are centered around historical shrines.

The summer season also brings to Ken-

tucky a round of exciting horse shows. Many of the nation's leading stables covetously seek the blue ribbons offered in these night events that are so liberally patronized and fully enjoyed by society. County fairs, followed by the Kentucky State Fair the first week in September, have long become happy community gatherings providing ample opportunity for the renewal of old acquaintanceships and the forging of new friendships. The fairs further make a wholesome contribution to the development of purebred stock, advancement of modern farm practices, and improvement of domestic animals.

Endowed so richly with nature's gifts of science splendor, soil and climate, Kentucky has the satisfactory answer to every vacationist's whim. There are shaded spots where the fish are biting, woodlands, blessed with countless trails and springs of clear cool water, ideal for camping sites; inviting bathing beaches and swimming pools, and sporty golf courses. For the outdoor sportsman, the diversity of outings and charm she has to offer, and a vacation spent in Kentucky among gracious, neighborly people is always a memorable event.—From "In Kentucky," official State Publication—summer issue.

## SOME PROTECTION FOR THE LAW ABIDING MOTORIST

All too often it happens that the guilty party in an automobile accident carries no insurance, has no assets that the injured motorist can collect on, and is the owner of a street-trap car.

Just the other day a driver, obviously under the influence of intoxicants, crashed into a car and both vehicles were demolished. The guilty driver had nothing on his car, the damaged person could not collect. Of course, there is recourse to criminal law and there was prosecution and conviction for reckless and drunken driving. But, that doesn't help the individual who was wrecked and left with a floor for good luck might have been killed.

The Kentucky legislature could remedy this situation with the passage of a law requiring every automobile to be covered with public liability and property damage insurance. This would afford some protection to the other motorist, and would do away with a lot of this trafficking in jalopies that should be on the junk pile.

Under the present set-up any one can purchase a junk heap with four tires and a motor and tear up and down the highways. And, statistics show that the majority of road accidents are caused by just such automobiles.

The law-abiding motorist deserves some protection.

## ON IGNORANCE

Ignorance is a contagious disease, particularly when it is hitched up to an unwillingness to learn.

We read of it every other day and it is so good we're passing it on to you. "Ignorance is the school of race prejudices, and provincialism is its tutor. Its memory is stuffed with lies and its mind is warped by emotionalism. Pride is its book and snobbery is its pen. All the hatreds and fears, all the cruelties and prejudices of childhood are perpetuated by it. It blinds the intellect and it hardens the heart. Its wisdom is fearful and fearful; for it never learns what is true, and it never forgets what is false."

The only cure for ignorance is knowledge. "Men will be brutal so long as they believe absurdities," Voltaire said.

The ignorance of the other men is not our personal business. It is our neighbor's and that must be met and mastered. We can be so big, we mustn't be tiny—we can be so big, we neither look up nor down at other people—but straight ahead at eye level we see our fellow men. That is the mark of the educated citizen.

We must know not only our own side of the case, but we must study the other fellow's side. As we learn to know each other, we think more clearly, prejudice is broken down and attitudes change. But it requires a willingness to learn and to understand.

There are many different yardsticks for understanding, but none has ever surpassed the Golden Rule. If we would use this, we would never allow the jealousy or envy that is ignorance to stifle and deaden our better impulses.

Along with other things, the T. B. death rate keeps going up. Buy a gross of Christmas seals. It'll be the soundest investment you ever made.

Everyone feels just ripresentorious now that meat rationing has been lifted. Well, almost everyone. The slot machine operators have since learned that the red tokens work in dime machines.

A Kansas man has bagged forty-three prairie wolves via his airplane. This, however, is not a record—we merely mention it here to show that we still have prairie wolves too.

Every rat eats about \$2.00 worth of food a year, according to an article. Not so bad. It's the \$20.00 worth it destroys that makes us despise the darn things.

In New York City 68 persons died violent deaths in the last 76 days, and even in New York, that is entirely too many they say. Well, how many should we have?

Deer hunters who fail to wear a jacket covered with red cloth are subject to a fine—if they return.

The difference between a dawnee and a dance, says a writer, is usually \$1.00 and a fist fight or two.

## CRACK 'N' BARREL COMMENTS

By Woody Hinton

We think we have some rowdies in Rowan County. I thought so, too, until I read the editorial in the paper. I started going to camp on the Kentucky river with a bunch from Montgomery County. For years we have gone every summer, and we have some very good ones. There's Wilmet Stewart, a self-styled gentleman farmer and President of a M. S. Sterling Bank; Dr. Compton, D. S. who will pull your teeth while you wait and E. R. Curtis, district manager at Kentucky Cattle and horse-raiser who goes around camp with two inhalers up his nose.

Colonel Curtis is allergic to everything but food and long green tobacco, which he chews in bed. He has hay-fever the year around, he can sneeze any moment, or any hour on the hour. It was my misfortune to have to bunk with him on our trip last summer.

When the night came, he was everything but food and long green tobacco, which he chews in bed. He has hay-fever the year around, he can sneeze any moment, or any hour on the hour. It was my misfortune to have to bunk with him on our trip last summer.

Just the other day a driver, obviously under the influence of intoxicants, crashed into a car and both vehicles were demolished. The guilty driver had nothing on his car, the damaged person could not collect. Of course, there is recourse to criminal law and there was prosecution and conviction for reckless and drunken driving. But, that doesn't help the individual who was wrecked and left with a floor for good luck might have been killed.

tion. The idea is to make the editor feel that the classified was from the regular readers of the News.

This advertisement has probably been sent to hundreds of other newspapers.

Our advice to lonely men and women is to never answer any of these letters. The whole idea is to wrangle what money they can from you. If you must find a mate, just give yourself a Montgomery County. For years we have gone every summer, and we have some very good ones. There's Wilmet Stewart, a self-styled gentleman farmer and President of a M. S. Sterling Bank; Dr. Compton, D. S. who will pull your teeth while you wait and E. R. Curtis, district manager at Kentucky Cattle and horse-raiser who goes around camp with two inhalers up his nose.

First Class Roosters  
The editor has two daughters, aged 7 and 11, who attend Breckinridge Training School. And, we dare say that Breckinridge has no 20 stronger supporters for its basketball team, nor anyone that knows the very best quality of meat as they do. They always sit on the front row of the cheering section.

But, what concerns us is that, so far, as Breckinridge's basketball team is concerned, they seem to be the only team that has won any of the games they play. The only team that has won any of the games they play. The only team that has won any of the games they play.

After the game, we returned home, and the youngest turned to me and said, "Daddy, you think Breckinridge can be champions of Kentucky this year? We can help you. We can help you. We can help you."

There is perhaps no place in the world that has so many poets as Rowan County. At one time we started running poems in the News, but we soon discovered that we had to stop. The poems were too good, and we had to stop. The poems were too good, and we had to stop.

We received one poem, however, that struck us as being very funny, and if any of our readers think it is a little smutty, we would be glad to accept any other modern literature, if they think this is anything. Here's the poem, this reader wants us print: "Mammy's Trouble"

Mammy tell my dear deep in love  
With a colored boy she knew  
But that was quite the proper  
For she was colored too.

She hastened home to tell her pap  
That shortly she would wed  
But he looked Rufus Brown  
One he liked and said—

You can't do that my honeychild  
You'll have to find another  
Don't tell your Ma, but Rufus  
Am shorley your half-brother.

Now Mammy shed a few salt tears  
And went her lonely way  
But soon she found another  
And hastened home to say—

Now Pap I've gwine to marry  
Dat Smith boy down the street  
He ain't got no bad habits  
And dresses up as neat.

But Pap he slowly shook his head  
You'll have to find another  
Don't tell your Ma, but I dischale  
He shorley ain't your half-brother.

Now Mammy walked and Mammy  
moaned  
In hopeless grief she cried  
Till Ma heard across the room  
And called her to her side.

What's you and your Pa conspiring  
For?  
Frown down till late at night  
And why you cry your eyes out  
Till you're a dreadful sight.

Mammy then forgot her vows  
And blurted out to Mother  
Pap says I can't marry Rufus  
Cause he's my half brother.

And when I turned to Samuel  
And he said to me  
Although, it seemed like treason  
Pap says I can't marry him  
For just the same reason.

Then Ma said: "Now Honeychild  
Dry up your tears and put on  
your washing cap  
And when I call you one you wish  
Cause you ain't no kin to Pap."

Picked Up Around Town  
Morehead merchants are an anti-Christmas crowd. The biggest Christmas shortage of merchandise will hold total sales down however... a fellow by the name of A. W. Bailey will be around to see you if you are a Morehead property owner... he's the tax assessor... Morehead property owners have one of the smallest assessments of any city of its size in Kentucky... yet, Morehead is in excellent financial condition... Ellis Johnson was in town last week and will soon be discharged at Great Lakes... he'll take over Morehead... sportsmen, however, haven't been having much luck this year, believe last season's crop will bring them equal from the woods to the fields... don't be surprised if Morehead banks show total resources of over five million dollars when they release their December 31 financial statement... Five years ago it wasn't worth a million dollars... Morehead friend "Burr" Haddon (we used to go to the same college) made a fine impression on the town... plans are now being formulated for a men's and women's bridge tournament this winter... our local sportsmen have fought a losing battle through many years for better roads, will have some good news... Federal and State appropriations should be large enough to give Rowan County the greatest road building program in its history... We predict there'll be more rural roads constructed in Rowan County (many of them of the year-around type) in the next year than there has been in the last twenty.

## Deeds Recorded

Barren White and Lela White to West Virginia Power Company, right to construct, operate, and maintain electric power line on their land.

Mr. and Mrs. J. R. Greer and Mr. and Mrs. C. M. White to West Virginia Power Company, right to construct, operate, maintain electric power line on their land.

Erna Crabtree and Carl Crabtree to K. Y. and W. Va. Power Co., right and easement to construct, operate, maintain and repair electric power line on their land.

Gora and C. M. White to Kentucky and W. Virginia Power Co., right to construct, operate, maintain electric power line on land.

Harry and Besse Goldberg to William and Mona Durham, tract of land on Sun Street.

Thomas and Rosebud Conley to Ray White, 30 acres on Triplett Creek.

P. Caudill and Myrtle W. Caudill to Mr. and Mrs. Arvel Caudill, 6 lots in Allie Young Addition.

Ray White and Ethel White to David and Celis Butler, 30 acres on Triplett Creek.

Walter Caudill and Stella Caudill to Charles and Edna Shurpall, land and lot in Tolliver Addition.

## 2 DIE MYSTERIOUSLY IN MORGAN COUNTY

The body of Clifford Collins, 36 of age, was found on the West Liberty-Sandy Hook highway near his home last week by a passing motorist.

Apparently hit by an automobile, Collins had died of a broken neck, crushed chest and a fractured leg.

The body of a man identified as Troy Lewis, 34 of age, a native of Wolfe county, was found on Route 40 at the junction of the Lenox road about midnight.

Lewis had been crushed and his body otherwise injured, apparently by a car or truck.

## BURLEY ALLOTMENT FOR 1946 INCREASED

Although Secretary of Agriculture Anderson a few days earlier had recommended that burley tobacco production be cut 10 percent next year, the U. S. Department of Agriculture in announcing marketing quotas for next year's crop fixed the 1946 burley allotment at 697,300 acres as against 697,300 acres this year, an increase of nearly 34 percent.

However, only 523,600 acres of the total 697,300 acres allotted was actually planted this year.

## UNCLE SAM WANTS THOSE TOKENS BACK

The OPA placed in circulation one of three quarters, silver and blue tokens to assist in a more efficient rationing operation. Now that these tokens have served their purpose, OPA is requesting their prompt return. Dealers should turn tokens into their banks at once. L. A. Cassidy, OPA District Director at Lexington, said: "The material in the tokens is needed and after they are government property."

## MONTGOMERY OVER QUOTA IN WAR BONDS

Henry H. Bramblett, county chairman, reports that total sales of Victory Bonds in Montgomery County total \$248,000, exceeding their quota of \$234,000, by \$14,000.

Mrs. Dorothy Cales spent Saturday in Lexington shopping.

## SUNDAY SCHOOL LESSON

By BAROLD L. LUNDQUIST, D. D.  
of the Morehead Bible Institute of Chicago.  
Approved by Western New York District.  
Lesson for December 16

Lesson subject and Scripture texts are given in the Bible. Explanatory material is given in the Bible. Explanatory material is given in the Bible.

## EXALTING CHRIST IN THE LIFE OF THE NATION

LESSON TEXT: Isaiah 53: 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Christmas is coming! It should be a blessed and delightful time this year. But do not let us forget that the greatest gift of all is the gift of Jesus Christ. He is the true meaning of Christmas. So that we may feel and celebrate! Surely a picture of Christ is all that we need. He is the true meaning of Christmas. So that we may feel and celebrate! Surely a picture of Christ is all that we need.

When Jesus came, He brought light to the world. He is the true meaning of Christmas. So that we may feel and celebrate! Surely a picture of Christ is all that we need. He is the true meaning of Christmas. So that we may feel and celebrate! Surely a picture of Christ is all that we need.

When Jesus came, He brought light to the world. He is the true meaning of Christmas. So that we may feel and celebrate! Surely a picture of Christ is all that we need. He is the true meaning of Christmas. So that we may feel and celebrate! Surely a picture of Christ is all that we need.

When Jesus came, He brought light to the world. He is the true meaning of Christmas. So that we may feel and celebrate! Surely a picture of Christ is all that we need. He is the true meaning of Christmas. So that we may feel and celebrate! Surely a picture of Christ is all that we need.

When Jesus came, He brought light to the world. He is the true meaning of Christmas. So that we may feel and celebrate! Surely a picture of Christ is all that we need. He is the true meaning of Christmas. So that we may feel and celebrate! Surely a picture of Christ is all that we need.

## SMILE NEWS

By SYLVIA REEVES

Mr. and Mrs. Earl Murray recently had in their guests their daughter in law, Mrs. Eunice Murray, and children from Ohio. Lurman McGuire and William Shreve made a business trip to Cincinnati over the week end. Pvt. Rudolph Egan is home for a few days on an emergency furlough due to his wife's illness.

Pvt. Egan is stationed in North Carolina. He visited his parents, Mr. and Mrs. Charles Egan, Friday. Summett Reeves was the guest of Mr. and Mrs. William Body last week. Mr. and Mrs. J. C. Fryman had as their guest, recently their daughter, Mrs. Tyre Dalton, from Ohio. Charles M. Egan, Jr., son of Mr. and Mrs. Charles Egan, is very ill with pneumonia.

Alice Reeves, daughter of Mr. and Mrs. Walter Reeves, has been ill the past two weeks with flu. Miss Lillian Mabry visited Miss Alice Reeves Friday. Miss Sylvia Fryman was her guest Thursday. Pvt. Luther Conn, son of the late Frank Conn, has received an honorable discharge from the Army. He was stationed in Alaska for several months.

## DITNEY

Mr. and Mrs. Milt James and son, Dannie Caryl, were recent visitors of Mr. and Mrs. Roy Templeman.

Mrs. Roy Templeman and Miss Ava Templeman were in Louisville recently on business. Mrs. Maggie James and Mrs. Russell Lambert are visiting Mrs. Roy Templeman.

**DITNEY SCHOOL NEWS**  
Recent visitors at the Ditney School were: Mrs. Roy Templeman, Bonnie Rae Templeman, Bertha Lewis, Mrs. Chester Lewis, Mrs. Talmage Pennington, Mrs. Norman Adkins, Mrs. John Fultz, Maydine Pennington, Edward Kidd, Roger Templeman, Joyce Kay James, and Glenda Sue Lewis. Dr. Evans has completed his

three trips to the Ditney School, where there was 100 percent vaccination for small pox. Those who have had perfect attendance for the first five months of school are: Vernon Lewis, Ruth Adkins, Ellie Templeman, and Jewell Kidd. The students are planning a nice Christmas program. Miss Faye Templeman was appointed to sell the allotted quota of Tuberculosis Christmas seals. She did this in one day. Attendance has been good recently in spite of the bad weather.

## Uncle Sam Wants Those Tokens Back

The OPA placed in circulation one and three quarters billion red and blue tokens to assist in a more efficient rationing operation. Now that these tokens have served their purpose OPA is requesting their prompt return. Dealers should turn tokens into their banks at once. L. A. Cassidy, OPA District Information Executive, said today. The material in the tokens is needed and after all they are government property.

## It's Holiday Time ...

It's Santa Claus' season and everything puts on its festive dress. The cedars are bejewelled and beglittered, the windows are decked with holly, and Mother Earth dons a soft white robe. Small wonder that even the most modest male wants to dress for the occasion, and the women want to portray that extra sparkle of glamour.

Months ago McKinney's anticipated your wants for this season of the year ... you will receive an agreeable surprise in our store, for we've done our best to meet your Christmas wishes.

Whether its for the men or women, clothes always make a perfect gift ... they represent a presentation that will be long remembered after Christmas day is passed. For H&M we suggest a suit or overcoat from our large selection, priced from \$22.50 to \$39.50. Then, of course shorts are always welcome and McKinney's have them at 65c; Gloves at 1.95 or a Scarf from 1.25 to 2.95 are always in good taste. As a further suggestion there's ties, handkerchiefs, belts, sweaters, and many other ideal gifts at McKinney's for that man!

What woman doesn't love clothes — and the man that uses good taste in giving her something she will love to wear is taking a short-cut to her heart. May we help you select her a dress, suit, coat, sweater, skirt, blouse, robe, gloves, a scarf, or lingerie. Then, there's novelty jewelry that will brighten up her Christmas. If she's the type that loves something for the home we suggest a chenille bed spread, a bath set, towels or attractive rug. We, at McKinney's have anticipated her desires and our staff is at your command to make this your happiest Christmas ever.

## Dusty Roads Are Harmful To Farm Fruit, Say Tests

Washington D. C. — Fruit grown near untreated farm-to-market roads is affected by dust according to recent technical research on the contamination of crops, John A. Long, manager, County Highway Officials' Division of the American Road Builders' Association, pointed out at a meeting of county highway officials here. Tests just completed by an agricultural college indicate that in spite of careful spraying, dust-covered fruit is highly susceptible to diseases and parasites affecting vegetation, he declared.

"Here is one more reason for the immediate improvement of our secondary roads," Mr. Long went on. "These roads serve 6,000,000 American farms with an annual production of 12 billion dollars. Over them go the farm products which feed our cities. A farm ten miles from town may have only one mile of road unpaved, but this impassable section maroons the farmer as surely as if the entire distance was unpaved."

"Cattle, swine and other farm animals are no longer driven to market on the hoof," the speaker continued. "They go by truck in numbers totalling many millions of dollars annually. Getting grains, vegetables, fruit and meat to the consumer promptly and in the best condition is a prime concern of the producer, and it is

directly dependent on the condition of the highway. This phase of production may mean the difference between profit and loss," he added.

"County highway officials working on plans in cooperation with state highway departments should use care in selecting the type of surface," Mr. Long held. "Naturally the cost is in direct ratio to the volume of traffic. Large mileages carry only light traffic and probably will never be brought to the treated stage. On the other hand, several hundred thousand miles of county and local roads carry sufficient traffic and are of such general importance as to warrant treatment, light surfacing or paving. Obsolescence and depreciation, as in the state system are also important factors to be considered, the engineer declared.

Mr. Long asserted that local materials such as gravel, slag and crushed stone might be advantageously employed in much county road building. Here the road engineer could make an excellent contribution to the operators of vehicles, the tax payers and residents along the roads by using care in choosing materials which with a minimum of machine manipulation will blend into a dense, hard, smooth surface. This would also be the initial step in construction for any type of pavement that might follow.

**BIG DEMAND FOR SUGAR CURED MEAT**

Within the last few weeks a

number of people have called at the county agent's office for information on how to sugar cure hams and bacon. There are a number of good recipes that could be followed and most of the recipes for hams contain more salt than those for bacon. A good curing mixture can be made by thoroughly mixing 8 pounds of course salt with two pounds of sugar and two ounces of saltpeter for one hundred pounds of meat. After hams have been down from six to eight days they should be taken up and re-salted with part of the curing mixture that has been saved for that purpose. Bacon requires very little curing mixture and it is not necessary to re-salt it. Bacon should stay in the cure one and one-half days to every pound and hams and shoulders should stay in the cure two days to the pound. After the meat has been cured it should be washed, dried and either smoked or covered so that flies can not get on it.

**Buffet Supper Given**

A buffet supper was given in the Home Management House on Tuesday evening, December 4. Hostesses were Misses Joyce Wolford, Louise Lowe, Ruth Fair, and Miss Ruth Kew.

Guests at the supper were Mr. and Mrs. Carroll D. Hawtee, Miss Aileen Hopkins, Messrs. Bill Miller, Bob Tucker, Gordon Moore, Chuck Carlson, and Leon Bolen.

# WILL THERE BE A STEEL STRIKE?

Not if the CIO abides by its pledged word, given only last spring.

**Question:** What would be the general effect on the country of a steel strike?

**Answer:** Over 40 percent of all the factory workers in the country earn their living by making steel into useful products for American life. A shut-down of the steel industry would be a disastrous blow to reconversion and would cause a serious loss in both wages and industrial production at a time when they were most needed.

**Question:** Is it true that the Steelworkers Union has pledged itself not to strike?

**Answer:** Yes. Every contract which the Union has signed this year with the various steel companies has a clause wherein the Union agrees not to strike during the life of the contract.

**Question:** Are those contracts still in effect?

**Answer:** Yes. They were signed in the spring of 1945 to run until October, 1946.

**Question:** Who signed for the Union?

**Answer:** Its international officials—Philip Murray, Van Bittner, Clinton Golden and others—and the local Union heads at the various plants.

**Question:** Is there no "escape clause" by which either side could end the agreements?

**Answer:** No. The Union demanded a fixed, long-term contract and got it.

**Question:** Why did they want a long-term contract?

**Answer:** In the Union's own words before the War Labor Board, "The Union's request for a termination date of October, 1946, is not made capriciously or pressed here for bargaining purposes. It represents the considered view of the Union that only such a term will adequately serve the needs of stability."

**Question:** Did the recent strike vote violate the contracts?

**Answer:** No. Only an actual strike would violate them.

**Question:** Haven't there been strikes already during the life of the contracts?

**Answer:** Yes. There were 998 strikes in steel plants during the past year alone. They were mostly local strikes which the Union characterizes as "wildcat," but they meant a big loss in production.

**Question:** Does the end of the war justify changing the contracts?

**Answer:** No. The bond was sealed on both sides and should be kept whether times be good or bad. The steel companies are continuing to live up to these agreements. If a strike is called, it will be in clear violation of the existing contracts.

**A strike in the face of existing contracts would shatter any confidence in the validity of union agreements in the steel industry.**

## Seven Students Selected For Who's Who

### Five Seniors and Two Juniors Chosen For Highest Campus Honors

Morhead State Teachers College will be represented in its 1945-46 edition of "Who's Who Among Students in American Universities and Colleges" by seven students, including five seniors and two juniors.

Oliver Day, Genny Durham, and Joyce Wolford were chosen from the senior class and Mary Denney and Ruth Fields, both of whom were listed last year, were automatically nominated for the second time this year. From the junior class, the choices were Helen Carey and Martha Alice Wolford.

Miss Day, daughter of Mrs. Mary Day of Morhead, graduated from Breckinridge Training School in 1942 where she was a member of the Beta Club Chorus, Student Council, and Pan American Club.

In college Miss Day is a member of the Beaux Arts Club, Beta Chi Zeta, Kappa Mu, and the Trail Blazer staff. A major in biology, art and commerce, she will receive the degree in June, 1946.

Miss Durham, present business manager of the Trail Blazer, is the daughter of Mr. and Mrs. A. Durham, 53 Glendale Street, Cincinnati. A graduate of the Louisville, Kentucky high school, she attended Union College at Barbourville for two years, and entered Morhead as a Junior in the fall of 1944.

She is president of the Senior Class; member Kappa Mu Mu Phi; Dramatic Club president; YWCA president; and college band. She also expects to graduate in June, 1946, with an area major in commerce.

Miss Wolford, a graduate of Breckinridge Training School, is the daughter of Mrs. H. Wolford of Morhead. She entered Morhead in the fall of 1942.

She is a member of Beaux Arts Club, Kappa Delta Pi, president; Kappa Mu; Home Economics Club, president; and YWCA. She was president of her Junior class. Miss Wolford will receive her degree in June, with majors in home economics and commerce.

Miss Carey, Junior from Louisville, is the daughter of Mrs. W. A. Carey. She graduated from Louisville High School in 1943 and entered Morhead that summer.

She is a member of the Trail Blazer Staff, Home Economics Club, Beaux Arts Club, and MSTC Club. She is specializing in home economics and art, and

will receive the degree of B.S. in Home Economics in August, 1946.

Miss Wellman, daughter of Mr. and Mrs. F. D. Wellman of Morhead, entered college here in June, 1943, after graduating from Breckinridge that spring as salutatorian of her class. In 1944 she attended one summer session at Florence State Teachers College, Florence, Alabama.

At Morhead she is a member of the Beaux Arts Club, Crescendo Club, FTA, Dramatic Club, and Trail Blazer Staff. She is majoring in English, French and German, and will receive the A.B. degree in 1947.

Selection of the students for this honor, the highest achieved on the Morhead Campus, is based upon scholarship, leadership, character and extra-curricular activities. A faculty committee, consisting of Mr. W. C. Wiselard, chairman, Miss Catherine Braun, Miss Rankin Harris, Mr. Jesse Mays, and Mr. R. W. Jennings, investigated the records of the eligible students and made the choice from the list of their achievements.

For the first time this year, the selection was based partly on the results of a poll taken of the entire student body. Blanks bearing names of all eligible students were passed out Thursday at chapel exercises, and each student voted for four persons whom he considered most outstanding. The persons receiving the largest number of votes in the poll were then considered separately.

Pfc. Delmon Foster  
Home on Furlough

Pfc. Delmon Foster, son of Mr. and Mrs. Lee Foster, has arrived back in the States and is now spending a 45 day furlough with his parents. Pfc. Foster has been in the Army for three years, twenty-three months having been spent overseas. He served in the China Burma India Theater. At the end of his furlough he will report to Cheyenne, Wyoming, for reassignment.

Mrs. Creed Patrick and Miss Ella Florence Alfrey were shopping in Lexington Saturday.

## The New Chevrolet Is Now On Display

You Put It First In Sales

We Keep It First In Value

We realize it will be sometime before the new Chevrolet is available. But, it will pay you to wait . . . for Chevrolet is first in sales because it is the finest car, and Chevrolet will continue to be first on the list of most car owners.

**Midland Trail**  
Maintains a  
Complete  
and Modern  
Repair  
Department

The Stylemaster Sport Sedan

We can keep your car on the road this winter, if you'll just give us the chance. We maintain a modern and complete repair department, staffed by the best mechanics that are obtainable.

Winter is with us now! Drive in today and let us give your automobile a complete check-up . . . and, remember we carry a complete stock of parts so that we can give you the fastest possible service.

The new 1946 model Chevrolet, shown above, is outstanding not only for style-leading design, but for quality in materials and construction, advanced engineering, proved performance, economy and dependability.

Every line and contour emphasizes the massiveness and lowness of the vehicle from front to rear. The new, distinctive radiator grille, shown at the right, presents an expensive gleaming chrome-plated horizontal bar, framed within a low-arched molding. A model of classic simplicity, it tends to emphasize width as well as lowness.

Front-End Styling Accentuates Massive Low Lines

## DRY CREEK

Mr. and Mrs. Oliver Jones announce the arrival of a son. He has been named Jimmy Dale.

## DRY CREEK SCHOOL NEWS

Last week Mr. Friley of the U. S. Forest Service visited the school and made a talk to the students. He also gave some interesting demonstrations on how to put out forest fires.

Several of the students attended the Youth Rally at Morehead Sunday and they enjoyed it very much. After the program was over they were given a treat by their teachers. Mrs. Mays and Miss Jones at the bus station.

The boys and girls of the upper grades are making Health Booklets and they find it very interesting.

The lower grades now have curtains and shades for their windows.

Amanda Jones and Kenneth Baldrige are back in school. They have been absent because of illness.

## Pine Grove News

Mr. and Mrs. Emerson Easton and Mr. and Mrs. V. C. Fritts were the guests of Mr. and Mrs. Lonnie Sparks Sunday.

Mrs. Frankie Hall is now visiting Mr. and Mrs. Leland Hall.

Mrs. Carrie White and daughter, Warda, and Joanne, were guests of Mr. and Mrs. Hyatt Sunday.

Miss Joanne Blanton was the Saturday guest of Mrs. Maude Estep.

Miss Wanda White and Miss Joanne Blanton visited Miss Mary Ann Hall Sunday.

Mr. Franklin Sparks visited Mr. Edward Stone last week end.

Miss Ruth Evans Sunday.

Miss and Mrs. Mitchell Estep visited Mrs. J. T. Evans Sunday.

Mildred Sparks and Dorothy Sparks were the guests of Nannie Blewens Sunday.

Mr. Vaughan Sparks visited his grandparents, Mr. and Mrs. James Bradley Sunday.

## PINE GROVE SCHOOL

Attendance at Pine Grove School has dropped considerably due to illness and tobacco stripping.

County Agent Dan Brame and Mr. Russell Gilmore visited the school last Thursday.

The students having perfect attendance are: Milton Hamilton, Glenn Blanton, Jimmy Hall, Paul White, Ruth Evans, Joanne Blanton, Opal White, Wanda White, Louise Hall.

Mr. Elmer Plant visited the school last week and gave a very interesting talk about prevention of fires.

The 4H program was postponed last week because Mr. Brame was unable to be here.

Miss Nannie Blewens was a visitor of Pine Grove School last week.

## HOLLY

Misses Ruth and Rebecca White were visiting Bonnie and Betty Thompson Sunday.

Mr. and Mrs. J. R. Green of Morehead were the guests of Mr. and Mrs. C. M. White Sunday.

Rev. Ray L. White preached at Holly Church Sunday. The attendance was very good.

Miss Ada Dailey was the guest of Miss Jane Thompson Tuesday night.

Mr. Wilfred Gregory of Indianapolis, Ind., is visiting his brother, Doris Gregory at this time.

Bonnie Thompson, who has been ill with flu for several days is somewhat improved.

Mrs. C. M. White is making a business trip to Huntington, W. Va. this week.

Mr. Leo Miller and Mr. C. M. White were business visitors in Morehead Saturday.

## SEAS BRANCH

Miss Prada Mae Caudill is visiting her parents here this week. The school in Ohio where she teaches Home Economics is closed for a week because of a flu epidemic.

  
If you've got poultry, flies robbing you of poultry profits if your flock is heavily infested with large roundworms and small worms. Give Dr. Salby's AVITON to their heads.

This convenient flock treatment is economic, easy to give and gets results. Don't neglect it. Buy AVITON today.

**JUST MIX AVITON IN THEIR MASH**

## Ky. Homemakers Get 1st Charter In United States

The Kentucky Association of Future Homemakers of America, of which the Morehead Chapter F. H. A. is a member, is the first State F. H. A. Association in the entire United States to qualify for a State Chapter, according to an announcement made by Miss Mary Bell Vaughan, Frankfort, who is State Advisor for the Kentucky Association of Future Homemakers of America. The Morehead Chapter F. H. A. is composed of girls in high school who study vocational home economics. The Future Homemakers parallel the organization of farm boys known as Future Farmers.

#### Entertains With Dinner Saturday Evening

Mrs. E. P. Hall entertained with a birthday dinner Saturday evening honoring her husband. Guests were Mr. and Mrs. Ed Hall, Mr. and Mrs. Cecil Purvis, Mrs. Grace Ford, Miss Judy Hall, Bob Hall, Miss Doris Ann Purvis, Miss Jean Hall, and Miss Mary Sue Purvis.

#### Announce Engagement Of Daughter

Mr. and Mrs. C. E. Nickell of Morehead and Lexington are announcing the engagement of their daughter, Miss Virginia Lee Nickell, to Mr. Raymond R. Combs of Nicholasville. The marriage will take place on January 5 in Lexington.

Miss Nickell is a graduate of Breckinridge Training School and of the Good Samaritan Hospital of Nursing. Since her graduation she has worked at John Hopkins Hospital in Baltimore and in Lexington.

Mr. and Mrs. Clifford Barker of Pasadena, California, are visiting his parents, Mr. and Mrs. Russell Barker, over the Christmas holidays.

Mr. and Mrs. W. E. Cabell of Staunton, Virginia, are visiting Mr. and Mrs. J. F. Cabell this week.

Mr. and Mrs. George Cline and daughter, Karen, were dinner guests of Mrs. E. L. Studham and her daughter, Mrs. Pete Baker, in Grayson last Sunday.

Shipfitter 2/c Walter Owens arrived home November 29 with an honorable discharge from the Navy after spending 19 months in the South Pacific.

Mr. Billie Fraley and Mr. Edward Fannin visited Edward's parents, Mr. and Mrs. Lon Fannin, in Lexington Saturday.

in Lexington Saturday.

#### Mrs. Morris Entertained

Mrs. Alice Palmer Morris, college librarian who is leaving soon, was honored at a farewell party and handkerchief shower, given last Saturday night at the home of Miss Marguerite Bishop on College Avenue.

Guests at the party were the college students who work in the library. Those present included Misses Doris Cook, Ruby Kinder, Lottie Glover, Gertrude Draughn, Gladys Lewis, Betty Yarber, Kathleen Morris, the hostess, Miss Bishop, and the guest of honor, Mrs. Morris.

Refreshments were served, and the remainder of the evening was spent in group games.

#### TOLLIVER ADDITION

Mrs. Bertha Sparkman celebrated her 65th birthday on December 11 with a dinner at her home. Those present were Mr. and Mrs. G. C. White, Dr. and Mrs. N. C. March, Mr. and Mrs. K. H. Fannin, Mrs. Anna Eldridge, Mr. D. C. Christman, Mr. B. Caudill, Mr. H. L. Rice, Mr. and Mrs. R. R. Porter, Mrs. Eva Slone and son, Harold Gene, Mr. and Mrs. V. A. Sparkman, and children, Mr. C. O. Sparkman, and family, Mr. and Mrs. J. B. Thomas and daughter, Verla, Mr. Vernon Sparkman, Mrs. Ora Bair and son, James, Mrs. Stella Ingle, and Ray C. Sparkman. Mrs. Sparkman received many nice gifts.

Mrs. Ora Bair, Mrs. Anna Eldridge, Mrs. Bertha Sparkman and son, Roy C. Sparkman, and Miss Angas Smith drove to Ohio Saturday. They shopped in Maysville, Ky.

Jessie Eldridge is spending a 15 day furlough with his family. Mr. Cecil Dawson, Ohio, spent the week end here visiting friends.

Why suffer needlessly from backaches, run-down feeling from excess acidity in the stomach? Just take SWAMP ROOST SWAMP ROOST, the renowned herbal medicine. SWAMP ROOST acts fast on the kidneys to relieve the most distressing symptoms of acid indigestion, heartburn, flatulence, and trouble some excess acidity. Originally created by a practicing physician, Dr. K. K. Swamp, it contains a combination of 16 herbs, roots, vegetables, labials. Absolutely nothing harsh or habit-forming. It is a safe, effective remedy for all acid conditions. Just good ingredients that quickly act on the kidneys to increase the flow of urine and remove the acid from the system. No side effects. No dangerous symptoms of bladder irritation.

Send for free, complete sample TODAY! Write to: Dr. K. K. Swamp, 1000 N. 1st St., Suite 100, Stamford, Conn. Offer limited. Send at once. All drugsists sell Swamp ROOST.

Henry fired a long one through the top of the Mt. Sterling into a temporary goal. The lead with two minutes gone, the Trojans Battson tied it up with a long shot. The one for Breck. During the first half, there was not much action. More than three points difference between the teams. The score at the end of the quarter mark was 10-9 for the Trojans, but at the half the Trojans were leading 19-11. Battson tied it up 19-19. In the second half, the quarter it was still nip-and-tuck.

## Conserve Hosiery While Waiting For Nylons

Here's a hosiery conservation tip that you'll find valuable while waiting for those nylons to show up at the stores in quantity. You needn't despair when you get a run or snag in one of your stockings.

Just save the undamaged stock-

ing until you get another. Then re-dye the odd stockings and, in a few minutes, you'll have made yourself a "new" pair! Matching up old hose this way can be done easily at home. All you need are a package of color remover and a box of special stocking dye, each of which you can get for a dime. The color remover takes out enough of the old color to enable you to re-dye the stocking dye, which works

equally well on all hosiery materials, including nylon, comes in six colors—coral tan, smoke haze, victory beige, wine blush, hula bronze and brown butter. Neither the color remover nor the dye requires boiling. Each package contains sufficient dye for at least eight pairs, which means you can distill yourself a "new" pair for a couple of cents or less. Full directions are on every box so you can't go wrong if you follow them.

The same process can be employed, of course, on stockings that have faded or that you want to freshen up with a new shade. In the case of faded hose, however, there's no need for the color remover if you tint them in the same shade. You use the color remover only when re-matching odd hosiery or when changing to a different shade.

## Group Services Prove Aid To Rowan Farmers

Group services that make available to small farmers necessary equipment such as modern machinery and purebred sires at a cost they can afford, is a part of the Farm Security Administration rehabilitation process that is of increased importance, says William K. Rouse, county supervisor for Rowan, Carter and Elliott counties.

Agricultural conditions of today and in the period immediately ahead demand efficient management of family size farms, Mr. Rouse explained. It is necessary to do everything practical to lower the cost of production and increase the quality of products. Small farmers who cannot obtain the tools and services necessary to produce economically will fall behind. Keeping pace will be harder each year as old methods become further outdated. The purpose of FSA group service loans is to help small farmers

have the use of good equipment and sires at a reasonable expense. **Tools Are Provided Here** Often the small operator needs purebred sire services but cannot afford a purebred bull, ram or stallion of the right type and quality solely for his own use. He needs a mower and rake several times a year; a planter, a binder or combine for a few days. He could make good use of a tractor and tractor-operated equipment a week or two during the year but they cost too much. His wife may need a pressure cooker and washing machine.

Frequently, several nearby farmers have the same needs. FSA group service loans enable them to buy these things for joint use. It is a simple business practice of the old American custom of working together. The idea is similar to "burn raisins," "husking bees" and "quilting parties."

In some instances there are not enough FSA borrowers or other small farmers in a community to support a joint service. In such cases farmers not on the program or not in the FSA classification may use the services, but it is FSA's policy that the major part of a service is for small operators. Group service loans are made to individuals for practically any farm or home facility or service that can be used by two or more farm families on a sound financial basis. Loans are repayable in three to five years at five per cent interest.

**Trend To More Machines** The increase in the number of tractors on farms the past few years is an example of the trend toward more machinery, Mr. Rouse said. In Kentucky in 1930 there were 7,322 tractors on farms. By 1940 the number had increased to 11,927 and in 1945 the total was 16,800, according to the Bureau of Agricultural Economics. The average age of tractors in 1940 was seven years. The increase in tractor drawn and operated equipment is about the same. Greater use of purebred sires to improve the type and quality of

livestock and livestock products is just as important to small farmers as is the trend toward modern machinery to reduce the cost of producing.

## Sellers of Motor Vehicles Give Transfer Certificates

Sellers of automobiles, trucks and motorcycles were reminded today by the Louisville District Office of Price Administration that they are required to execute certificates of transfer on sales.

Everyone, other than a manufacturer, who sells a new or used automobile, a used truck or a motorcycle is required to make a certificate of transfer, giving a copy to the purchaser at the time of sale. The original must be filed by the seller with his Price Control Board within five days of the date of sale and a copy must be kept in the seller's file for inspection by OPA if required.

## Carter Countain Leads Kentucky Egg Production

According to farm flock demonstrators reporting to their County Agents in the entire state, David Criswell of Grayson led the list for the month of October by receiving an average of 23 eggs per hen for the month with a flock of 122 New Hampshire Red pullets which were hatched on March 4th.

County Agent King says that Mr. Criswell reported that he received his first egg August 3rd. The chicks were put on clean range after they were old enough to do without heat. A range shelter with plenty of feed and water available at all times.

After the pullets were housed in September they were fed an 18 per cent protein mash which was kept before them at all times along with clean fresh matter, with a serving of whole shelled yellow corn just before roost time. After

the pullets get into heavy production a moist hot mash consisting of yellow corn meal only was fed as an extra at noon so as to keep up the body weight of the pullets and thereby keep them in good working condition.

## Morehead Students Attend Home Ec Meet

Three members of the Morehead Home Economics Club are attending the Kentucky Home Economics Convention in Louisville this week-end.

The delegates chosen from the club were Miss Mary Lois Gary and Mrs. Park Prater. Miss Joyce

Thursday, November 22, 1945

Wolford, club president, is automatically a member of the convention, which includes representatives from all the affiliated college home economics clubs in the state.

Miss Wolford will be the leader of one of the student discussion groups, on the subject of "A Working Program for College Clubs."

The purpose of the meeting is to plan the general programs for all the state clubs throughout the coming year.

Phil Smith spent last week-end as the guest of Bill Bentley at his home in Fullerton.

You'll be glad you did when you see how easy it is to work with, what nice biscuits and pastries you bake with it! SNOW GOOSE is smooth in texture and snowy white—a quality flour to help you please your family.

## ROWAN COUNTY WOMAN'S CLUB CHRISTMAS PARTY

The Rowan County Woman's Club met Tuesday evening, December 4th, at the Christian Church with the Art Department in charge of the program. The Church was beautifully decorated with a Christmas tree and other motifs appropriate to the season. It was the annual Christmas party and the Sunshine Sisters exchanged gifts. Mrs. George Jamison, chairman of the Art Department, presented Mr. Tom Young of the Art Department of the college. He gave a very interesting talk on hobbies and explained his own hobby, the collection of coins. Christmas carols were sung and delightful refreshments were served. The club adopted a new Christmas project, that of fixing Christmas stockings for service boys in hospitals. They hope to fill 75 stockings with nuts, candies, and small gifts. All club members were asked to cooperate. This is a state-wide Christmas project for club women.

### Announce Arrival Of Son

A son was born Wednesday, December 5th, at the Good Samaritan Hospital in Lexington to Sile and Mrs. Ray Moore. He has been named Michael Neil. Mrs. Moore was formerly Miss Jewell Ellis.

### George C. Hall Given Discharge

According to information received Lt. George C. Hall has been separated from active service in the Navy and with Mrs. Hall and their daughter, Marynele, returned to his home in Bluefield, W. Va. Lt. Hall was stationed in Morehead several months with

the Naval Training School. He has been serving in Schenectady, N. Y., as executive officer with Union College's Navy V-12 training detachment. Lt. and Mrs. Hall will spend the Christmas holidays with her parents. Mr. and Mrs. Oscar Patrick.

### Sgt. Mason Jayne Given Discharge

Sgt. Mason H. Jayne returned to the states recently after spending nearly two years in the Pacific. He received an honorable discharge from the Army at Fort Knox, December 9th.

### Pfc. Johnny Day In Ohio Hospital

Pfc. Johnny E. Day of Route 1, Morehead, has arrived at Fletcher General Hospital, Cambridge, Ohio, where he will receive further treatment. Commanding Officer announced today. He is in the 388th Infantry.

### O. E. S. Christmas Party December 18

The annual Christmas party of the O.E.S. will be held in the Lodge Hall Tuesday, December 18 at 8:30 p. m. Each member will bring a gift for the guests he invites. A pot luck dinner will be served. Santa Claus is to be there to hand out the presents.

### New Club Being Organized 30th

All members of the O.E.S. who are interested in belonging to the Dorothy Holbrook Club are to meet at the Lodge Hall Sunday, December 30 at 2:30 p. m.

Mr. and Mrs. Charles Johnson, Mr. Buddie Owens, and Mr. Ray Owens visited their parents, Mr. and Mrs. Sim Owens, of Clearfield over the week end and met

their brothers, Walter and Jesse Owens, who have just returned from the Pacific.

Mr. and Mrs. L. C. Hinton announce the arrival of a daughter, Barbara Ann, born December 5th. Mrs. Hinton was the former Miss Kitty Stevens.

Pvt. Victor Owens is spending a 9 day furlough at home. He will return to Camp Pickett, Virginia, this week.

Mrs. Frances White visited her brother, Mr. Harold Hunt, in Maysville Wednesday.

Mr. and Mrs. Ray Perry, Mrs. Norman Wells, Mrs. Clarence Kidd, Jr., and Miss Jean Hall spent Tuesday in Maysville.

Mrs. Earl Leighow underwent an operation in a Lexington hospital Monday. She returned home Wednesday.

Mrs. Malcolm Moore is spending the week with relatives in Olive Hill.

Mr. and Mrs. Taylor Trumbo, R. Thomas, spent the week end with his mother, Mrs. T. J. Trumbo at her home on Fifth Street.

**Feel Choked Up With a Cold?**

**DO THIS**

**TO GET PROMPT RELIEF** from distress of those nagging colds that cause coughing and make you feel all stuffed up—put a good spoonful of Vicks VapoRub in a bowl of boiling water.

Then feel relief come as you breathe in the steaming, medicated vapors. These medicated vapors penetrate to the cold-congested upper breathing passages. They soothe irritation, quiet coughing, help clear the head and bring such grand comfort.

**FOR ADDED RELIEF...** On throat, chest and back at bedtime rub Vicks VapoRub. It works for hours—even while you sleep—to bring relief try this home-tested treatment, tonight.

**VICKS VAPORUB**

**For The Holidays... New Pin-Curl Wave**

Glamorous, casual, spirited permanents... all easy - to - comb, lustrous and soon lovely. Soft, speedy and comfortable, too.

**\$10 - \$15 - \$20**
